Each school year begins with the challenging door of learning. The halls are flooded with the excited sophomores, confident juniors, and proud but somewhat sad faces of seniors.

Eyes thinking instead of seeing, but minds constantly on the search for new knowledge are a marked characteristic of M.H.S. students.

From the first day of school to the final exam, this year has been identified with unity. Students and teachers working together, sharing problems, giving spirit, and offering help to make the school year 1966-67 one of the finest in the history of M.H.S.

We hope that the 52nd edition of the Dancing Rabbit will portray to each student this year at M.H.S.

M

Nancy,
I don't think that I would have enjoyed
algebra half as much without you.
Remember, what comes off with soap & water
is definitely not with money. Wash
not! Ban not! Lots of luck,

Nancy
You're a sweet girl
I've enjoyed knowing
you this year. IT'S too bad you
didn't move here sooner. We've had
a lot of fun in and out of school this
year and I hope we have more next
year when we're big seniors. Good
Luck always.

Cheers for the sailors that
fought on the wave for it,
Cheers for the soldiers that al-
ways were brave for it,
Tears for the men that went to the
grave for it,
Here comes the FLAG.

HOWDY DANCE OPENS SCHOOL YEAR '66-67

A new year at M.H.S. . . . just beginning
. . . new classmates . . . old friends . . .
summer tans . . . walks thru the autumn twilight . . .
frosty nights and falling leaves . . .
thoughts of work, study, and dates.

So the year begins with pride in the surroundings attuned and enveloped in the personal intimacy of belonging.

What greater or better gift can
we offer the public than to teach
and instruct our youth?

ADMINISTRATION

Nancy,
I am so glad
to hear you are
well and happy.
I hope you will
be as well soon.
I have been thinking
of you very much.
I hope you will
be as well soon.

7

Let me but do my work from day to day,
In field or forest, at the desk or
loom,
In roaring market-place or tranquil
room;
Let me but find it in my heart to say,
When vagrant wishes beckon me astray,
"This is my work; my blessing, not my
doom;
Of all who live, I am the one by whom
This work can best be done in the
right way."

Then shall I see it not too great, nor
small,
To suit my spirit and to prove my
powers;
Then shall I cheerful greet the
laboring hours,
And cheerful turn, when the long
shadows fall
At eventide, to play and love and rest,
Because I know for me my work is best.
— Henry van Dyke

With sincerest best wishes,

A part of yesterday's ideal; the foundation of today's history; the real McAlester High School of tomorrow; however wonderful it may be, will have been built of loyal men and women; not of concrete and mortar but of mind and spirit.

It will be, not a mere warehouse of information, but a glorious temple of knowledge and truth.

The Junior class of 1967 is proud to be a part of M. H. S. We are filled with regrets when we realize that our high school years are swiftly coming to an end. We feel that we have added much to the athletic and scholastic areas in our school. This was not accomplished by a few but by the hard work and sacrifice of the whole class. From experience, we have learned that teamwork and an undying school spirit among the classes have brought all students closer to our goal of unity. As our year of being middle classmen now ends, we know that next year will not only be our last year in M. H. S., but we will be the mighty SENIORS of 1968!

We the Sophomores of 1967 have experienced throughout this year a unique sort of pride known only to underclassmen. We have been constantly pressured to realize that we are dumb, clumsy, and altogether worthless, on top of being a continual nuisance. To make their point the Seniors and Juniors have pushed us through the halls, exiled us to the back of the lunch line, and howled with laughter when we couldn't get our lockers opened. Our high morale through these ordeals plus our pride has helped us to develop the character necessary to become Juniors and later to carry on the traditions of M. H. S. originated by past Senior Classes when we become SENIORS 1969!

The 1966 Buffaloes ended the season with a fine record: five wins, four losses, and one tie. The Buffs returned fifteen seniors who were the backbone of both the defense, which gave up an average of 8.2 points per game, and the offense, which scored an average of 12.8 points per game. While hampered by injuries, the Buffaloes were still able to defeat Tulsa McClain and battle other Triple A schools — Tulsa Edison and Tulsa Washington to scores of 6-7 and 8-10. The Buffs gave McAlester fans many exciting performances and showed themselves to be a fine team.

Nancy, you're the sweetest next door neighbor anybody can have. I've really enjoyed knowing you and living next to you. You're a real sweet girl with a wonderful personality. I'll never forget how friendly you were when I first moved here. Best of luck with your sister for a ride.

THINK

Think. The International Business Machines corporation adopted this slogan for its employees a number of years ago, and signs bearing this single word may be found in many offices across the land today. THINK! Can you really recognize fundamental issues? Can you define them? Can you face them? It is the task of education to slap men awake — to shake them up. The "common" man is the man asleep. Horse sense may be good enough for a horse but it isn't much of a commodity today, and it certainly hasn't kept horses from disappearing from the scene pretty fast.

In Memoriam

"There is no death!

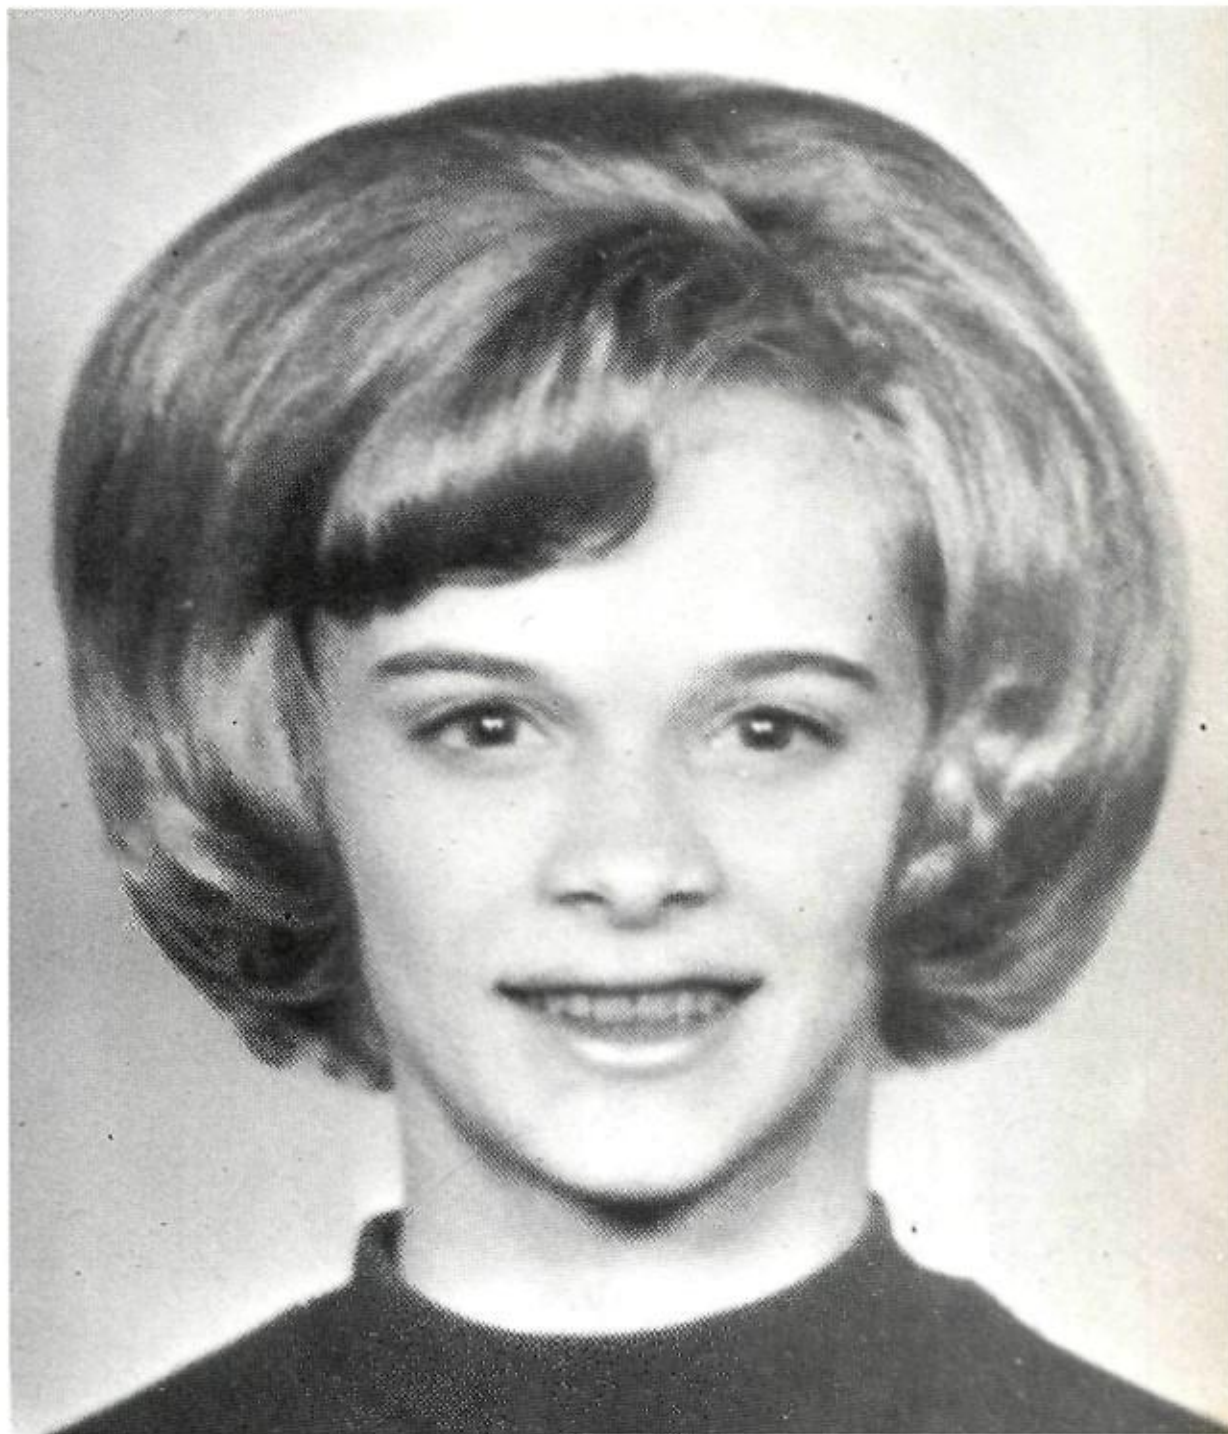

the stars go down

*To rise upon some other
shore,*

*And bright in Heaven's
jeweled crown,*

*They shine for ever
more."*

John L. McCreery

It has often been said that beauty is its own excuse for being. True as this well may be, it has also been proven that complete loveliness lies deeper than mere physical beauty. A perfect example of a thoroughly beautiful young lady was Glenda Norman.

Her classmates found in her the ultimate in sincerity and kindness. She had an invaluable talent for accepting the best in life and people and disregarding the other as wind separates chaff from grain. Her deep understanding of others and her soft words of encouragement combined to make a true friend of her every acquaintance.

Glenda's tireless efforts to apply her intelligence and talents toward active service of her school, her country, and her God won her the respect and love of all. We, her friends, find that our hearts know well her beauty — an unaffected beauty deeper than our eyes can ever see.

So one of the nicest

Mike Redmond

Manner,

I really don't know how to start this, but I love you. I'm really glad you moved here, because you are one of the greatest girls I know, and I can't help loving you. You're so nice and sweet to me. I've really had a great time with you this past five months. You should be concerned about me now that we've been going together for five months. For the last five months I've really enjoyed going with you. The first time I saw you, I thought I would like to take you out, but then I was told you were going with somebody so you were out of my mind. Then one night I saw you and I didn't even know your name, and then the best part came, I was finally with you, and had a great time together. But there was one thing wrong, I didn't think you would like me to much, but you did. I finally got up the nerve and ask you to go out with me, even though we didn't go anywhere and still liked you anyway. But you didn't think I did.

I really didn't say much but I said it. But it didn't come out right. So I'll stop because I can't write worth a flip.

Love Always,

P.S. Have a good time Vic
in Tyler.

TAYLOR PUBLISHING COMPANY

"The World's Best Yearbooks Are Taylor-made"

Nancy,

Sometimes I try to think what this town would be like if you hadn't moved here. Believe me, it wouldn't be the same! Either would I, for that matter. You are really about the best friend a person ever had, and the sweetest, too. I guess you were just always there when needed someone to talk to. We had a bunch of fun last summer and there's a bunch more for us to do this summer. Don't ever leave you're wonderful, bright, smiling personality and always stay as sweet as you are now.

Love ya,

Linda Farrell

Nancy, I'm really happy that you and I have become such good friends in these months that I've known you. You're a real friend when it comes to helping a person with problems. And I can tell you things, things I can put in your trust. I know you love Vic very much and I don't think you two could live without each other. At least I know you couldn't live without him. Nan, I value and respect your friendship, I guess that's why I can trust you, because of the respect I have for you as a friend. Nan, stay sweet - keep your good ideas and stay my friend, and you know I wish you the best luck ever with Vic and life.

Love so

Debbie

Best wishes to you and Vic. Good luck to a real fine, cute, sweet person.
